DDS&T - COMPUTER SERVICE

On receipt of Cline's request that CHIVE be returned to DDI, the memo was forwarded to DD/R by LBK with a note that he should "negotiate this out with the DD/I."

Mr. John Blake, EXO, DDS&T forwarded to Wheelon with note: "Upon receipt of this missal (sic!) I phoned Kirk and told him it was my understanding that we were not to "negotiate" this issue but rather to implement it. He alluded as to how implementation was our job. We, therefore, agreed that I would proceed to discuss with DD/I the transfer of people and money. If DD/I and ourselves could not come to an amicable understanding on these transfers, I would then send forward to the O/P and the Comp. the necessary requests to transfer the people and money and, on the basis of this action, DD/I could appeal to Kirk the decision.

8/8/63

Noted: ADWheelon 8/14/63.
